Skills

Advanced	Java
Moderate	Python, Git
Basic	Javascript, Node.js, HTML, C++, SVN
Misc.	Eclipse, IDLE, OSX, Office, Windows

Education

June 2018 (expected) — **Bachelor of Science in Computer Science and Systems**,
University of Washington, Tacoma, *GPA: 3.9*.
Completed: OOP focused programming courses in Python and Java. In progress: discrete mathematics and advanced applications of Java.

June 2013 — **Bachelor of Arts in East Asian Studies**,
Western Washington University, Bellingham.
Coursework included a focus on Chinese language acquisition, as well as cultural and political studies of China and Japan.

Honors

October 2016 — **Top 3 finalist**, *T-Mobile IoT Hackathon*, Seattle.
Team BabyBand: a wearable IoT device to help monitor the well-being of your young child. *Contribution*: worked with team to develop workflow, implemented sensors using Javascript and Node.js, setup bluetooth on the band for interaction with mobile devices.

June 2016 — **Dean's List**, *University of Washington*, Tacoma.

June 2016 — **Best Use of Classroom**, *Vive Jam Educational VR Hackathon*, Seattle.
VR Fire Drill: a safety simulation that teaches kids how to react in a realistic classroom fire situation. *Contribution*: implemented audio features using Unity, tested program for bugs and usability.

June 2015 — **Best Overall**, *CodeDay*, Auburn.
TravelTag: a travel journal application to keep track of memorable moments. *Contribution*: designed features, worked with teammates to set project direction, organized flow of website.

Projects

Java — **Storefront Bid Estimator**.
Built a tool to keep track of bids and minimize losses due to material excess. Simplifies the process of bidding commercial glass jobs.

Java — **Easy Street**.
Wrote backend for a simple vehicle simulator. Several types of vehicles drive and interact with each other on a closed course, exhibiting class dependent behavior.

Professional Experience

2015–present — **Commercial Framer**, *Eubanks Glass*, Centralia, WA.
Construct commercial window installations from blueprint layouts.

2014–2015 — **English Instructor**, *Sesame Street English*, Taipei, Taiwan.
Designed and taught language lessons to students up to middle school aged.
